## **Mission Statement**

To provide and promote public safety through efficient and effective offender custody, care, control and treatment consistent with sound correctional principles and constitutional practices.

## **Vision Statement**

The Mississippi Department of Corrections is a model professional agency that adheres to the values of integrity, honesty and openness in all its practices. As correctional leaders, we believe the safety of the public is of paramount importance and fundamental to our mission. Recognizing that people make up organizations, we value all our employees and are committed to their professional development and well being. We are committed to assisting offenders in becoming productive, law-abiding citizens. As an agency, we provide excellence in public service and strive to continually improve.

## **Core Values**

**Integrity** - In the behavior, actions and decisions of our employees.

**Fairness** - In the consistent treatment of employees, offenders and our dealings with the public.

**Dependability** - In doing those things that are necessary to fulfill our mission.

**Respect** - In our relationships with each other and those we serve.

**Competence** - In the performance of our duties and responsibilities.

**Openness** - In all of our communications.

## About the Mississippi Department of Corrections

The Mississippi Department of Corrections was established July 1, 1976, by state law following the merger of the Mississippi Penitentiary Board and the Mississippi Probation and Parole Board.

The state prison system consists of 39 facilities, four restitution centers, and 72 probation and parole offices. One transition center and two re-entry facilities also are used for offenders returning to society. The agency is authorized to have 3,335 employees.

This Annual Report represents the scope and depth of the agency and its staff during fiscal 2014 (July 1, 2013 to June 30, 2014). The Legislature appropriated \$361,901,655 (\$334,632,519 from the general fund and \$27,269,136 from special funds) to Corrections in Senate Bill 2862 for the period covering this report.

During fiscal 2014, the number of offenders decreased from 22,594 to 20,680. In addition to the 1,914 drop in net admissions, other highlights include the relocation of Central Office and the passage of a comprehensive criminal justice reform law that is expected to significantly affect the future of corrections.

The Legislature approved and Gov. Phil Bryant signed House Bill 585 on March 31, 2014.

The Central Office moved from its original location at 723 N. President St. to 633 N. State St. in February 2014.

The MDOC is committed to fiscal responsibility and its leaders look forward to the challenges we face together in the coming year.

## MDOC Accomplishments

Mississippi is internationally recognized for reforms it has made to its corrections system in the last 10 years. All facets of the system have been ACA accredited since 2008. The Mississippi Department of Corrections has hosted visitors from such countries as South Korea and Australia, the Federal Bureau of Prisons and states including Virginia, Indiana, and New York.

- Offenders in the Community Work Centers and Joint County-State Work programs contributed approximately \$30,000,000 in free labor to local, county, state and nonprofit charitable organizations throughout the state during fiscal 2014.
- The recidivism rate is 32.98% over a three-year period.
- Educational programs offered to inmates in fiscal 2014 resulted in 4,018 inmates successfully completing the following: General Education Development (GED) – 457, Vocational Trades – 1,016 and Alcohol & Drug – 2,545.
- The Intensive Supervision Program (ISP) known as house arrest resulted in an estimated total cost avoidance of \$69,768,381 during fiscal 2000-2013. MDOC's involvement in the program ended effective July 1, 2014, under House Bill 585.
- Since its inception in 2004 under Section 47-7-4 of state law, the Conditional Medical Release Program has resulted in an estimated total cost avoidance of at least \$11 million through the release of about 120 terminally ill or bedridden inmates.
- MDOC has saved \$35,521,925.90 as of June 2014 as a result of the Division of Medicaid paying for services provided to Medicaid eligible inmates. MDOC reimburses Medicaid the state match portion of the provider statement.
- MDOC implemented a self-insured workers compensation program on Jan. 1, 2005 that has saved more than \$3,400,000 since its inception.
- Since 2000, MDOC has provided services to victims through the Division of Victim Services (DVS). The services include prior notification of inmate release; updates on inmate status; escort to parole board hearings; advocacy; victim/offender dialogue; and assistance with protective orders, offender harassment, and law enforcement matters. Victims must be registered to receive these and other services. DVS has 7,272 victims registered to date.
- MDOC also assists victims/survivors through MS SAVIN, the Mississippi Statewide Automated Victim Information Notification program. This service, also available for law enforcement and others such as those registered with DVS, provides real time information on state inmates and offenders housed in participating county jails. At the end of fiscal 2014, 81 counties were involved with SAVIN. The program has 41,748 registrations. SAVIN also launched the Vine Mobile app for offender search and registration.
- In 2008, the American Correctional Association (ACA) presented its highest honor for commitment to excellence – the EAGLE AWARD – to the Mississippi Department of Corrections for its work to have all programs within its jurisdiction accredited. Mississippi's prison system became the 14th in the nation to achieve such an accomplishment.

# Commissioner

**Commissioner Christopher B. Epps** has been with the Mississippi Department of Correction since 1982. He is the longest serving MDOC commissioner. He was first appointed by then-Democratic Gov. Ronnie Musgrove on Aug. 30, 2002. He was reappointed on Jan. 13, 2004, by then-Republican Gov. Haley Barbour, who served two terms, and current Republican Gov. Phil Bryant on Jan. 11, 2012.

Commissioner Epps served in numerous positions with the department before being named its leader, starting as a corrections officer at the Mississippi State Penitentiary at Parchman. His other positions include chief of staff, deputy commissioner of institutions, deputy commissioner of Community Corrections, director of Offender Services, deputy superintendent, chief of security, corrections case management supervisor, director of treatment services, corrections case manager, disciplinary hearing officer/investigator and director of records.

Commissioner Epps has held numerous leadership positions in corrections and in the military. Before being elected president of the American Correctional Association in May 2010, he served as auditor with the Commission on Accreditation and as treasurer in 2008, a position that placed him on the ACA Executive Committee. In addition to his leadership with ACA, he is vice president of the Association of State Correctional Administrators (ASCA) and becomes president in August 2014. He also has been ASCA treasurer.

A native of Tchula, Mississippi, Commissioner Epps earned a bachelor's degree in elementary education from Mississippi Valley State University and a master's degree in guidance counseling from Liberty University in Lynchburg, Va.

---

## Deputy Commissioners

**Rick McCarty** has served as the Deputy Commissioner of Administration & Finance since January 1999. Prior to his appointment, he was the fiscal comptroller for the agency. McCarty has worked for MDOC since June 1989. He received a Bachelor of Science degree in accounting from Belhaven College in 1983. After graduation, he worked in public accounting. He received his CPA License in 1986 and is a member of the Mississippi Society of Public Accountants. Some of his accomplishments at MDOC include:

- Implementation of a fully automated perpetual inventory system for all agency ware houses.
- Coordination of the Statewide Automated Accounting System.
- Implementation of the Statewide Inmate Banking and Commissary System, for which the agency won the 2000 Award for Creative Excellence from the National Association of Governmental Administrators.

**Jerry Williams** has been Deputy Commissioner of Community Corrections since July 2011. He assumed his current assignment after serving in several positions with MDOC both in Community Corrections and Institutions, including Region III Community Corrections director; MDOC liaison for a transitional facility; branch director II-American Correctional Association manager for Community Corrections; Central Office, operation management analyst principle; Central Mississippi Correctional Facility commander, correctional supervisor/MDOC liaison for Offender Health Care Services, sergeant and corrections officer at Central Mississippi. In 2008, the American Correctional Association elected him as one of the Best of the Best Professionals in Corrections. Williams is a graduate of Jackson State University, with a BA in sociology and MA in sociology, with an emphasis in criminal justice. He has served on advisory boards for several community organizations and is an Executive Gold Member with the ACA.

**Archie Longley** has served as the Deputy Commissioner of Institutions since April 2013. Longley has 25 years of experience in federal correctional institutions throughout the United States. His past most immediate job was chief executive officer for the Federal Correctional Complex in Yazoo City, where he oversaw three facilities and directed a \$57 million budget while being responsible for 560 employees. Longley also was CEO at federal facilities in Pennsylvania and South Dakota. He began his career as a corrections officer at the former Boron Federal Prison Camp in Boron, Calif., and since has worked in five other states. A member of the American Correctional Association, he has received multiple awards for outstanding performance.

# PROGRAMS

The Division of Community Corrections supervises offenders under the jurisdiction of the state. It includes Field Services and a variety of programs to help offenders re-assimilate into the community. Deputy Commissioner Jerry Williams oversees this division.

## **Field Services**

Field Services is responsible for supervising offenders released on parole, intensive supervision or house arrest, earned release supervision (ERS), medical release, and those sentenced by a court to probation or house arrest.

## **F.R.E.E. (Facing Reality Educationally and Emotionally)**

There are 13 F.R.E.E. program coordinators located statewide to assist field officers in monitoring offenders' treatment needs for substance abuse. In addition, program coordinators teach a life skills curriculum twice a month to assist offenders.

## **Interstate Compact**

Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the MDOC provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi offenders residing in other states.

## **Pre-Trial Diversion**

The Pre-Trial Diversion program is an alternative to a felony conviction. A defendant voluntarily submits to supervision ranging from six months to three years. Charges against the individual may be dismissed if the period of supervision is successfully completed.

## **Intensive Supervision Program**

The Intensive Supervision Program (ISP), commonly referred to as house arrest, provides supervision in a community setting rather than incarceration. Offenders are required to wear electronic monitoring equipment and are limited in most cases to employment, treatment, and worship services activities. Each offender maintains inmate status and can be immediately placed in an MDOC facility upon violation of the program.

## **Drug Testing**

Field officers are responsible for drug testing of offenders, either routine or upon reasonable suspicion, and random drug testing of 15% of the offender population each month.

## Restitution Centers

The state's four restitution centers assist residents in obtaining employment as a condition of their probationary sentence. Money earned by residents is distributed to crime victims for restitution, courts for court costs and fines, and MDOC for room and board. The remainder of the wages, after taxes, goes to the residents' families or to the residents' holding account. Upon completion of the program, the residents are referred to a field officer for supervision and remains with the officer for their probationary sentence.

## Community Work Centers

There are 17 Community Work Centers throughout Mississippi. Minimum security inmates are assigned to these centers and are provided a gradual re-introduction into community life. The centers include alcohol and drug counseling; Adult Basic Education and GED preparation; literacy classes; and religious programs. Each Community Work Center houses approximately 102 inmates who perform a wide range of labor at no cost to city, county and state government agencies and school districts. This work includes community beautification projects; bridge and road work repair; vehicle maintenance; and water, sewer, and sanitation details.

## Inmate Labor

In FY 2014, the offenders in the Community Work Centers provided entities with 1,959,237 total inmate hours, valued to equal \$14,204,495 (at minimum wage) in free labor. For the same 12 months, the residents in the restitution centers provided entities with 343,543 total resident work hours valued at minimum wage to equal approximately \$2,490,687 in free labor.

In FY 2014, the offenders in  
the Community Work Centers  
provided entities with  
1,959,237 total inmate hours,  
valued to equal \$14,204,495  
(at minimum wage)  
in free labor.

# INSTITUTIONS

The Division of Institutions oversees three state institutions, 15 county regional facilities, four private prisons, the Classification and Records Division, Treatment and Programs Division, and Agricultural Enterprises. The division is under the leadership of Deputy Commissioner Archie Longley.

## **Mississippi State Penitentiary**

Earnest Lee, Superintendent  
Post Office Box 1057  
Parchman, MS 38738  
662-745-6611

The Mississippi State Penitentiary (MSP) opened in 1901 and is the state's largest and oldest institution. It is located on approximately 18,000 acres at Parchman in Sunflower County. It can house 4,648 beds, which consist of 58 support buildings and seven different housing units, ranging from 56 beds at Unit 42 (the hospital) to 1,521 beds at Unit 29.

MSP houses only male offenders who are classified as protective custody, administrative segregation, cell telephone management, administrative long-term segregation, and death row. All three custody levels - minimum, medium, and close custody - are handled at the prison. All male death row offenders are housed at Unit 29. MSP offenders provide more than 100,000 hours of free labor each year to adjacent municipalities and counties and assist other state agencies. The institution was reaccredited by the American Correctional Association in November 2011.

MSP is also the base for the Agricultural Enterprises Division. In 2014, 5,298 acres of vegetables, rice, wheat, soybeans and corn were farmed.

## **Central Mississippi Correctional Facility**

\*Johnnie Denmark, Superintendent  
Post Office Box 88550  
Pearl, MS 39208  
601-932-2880

The Central Mississippi Correctional Facility (CMCF) sits on 171.3 acres in Rankin County. It is the second oldest state facility, having opened in February 1986. It includes 13 housing units with a capacity of 3,665 beds. The institution was reaccredited by the American Correctional Association in November 2011.

CMCF serves as the receiving and classification facility. All offenders sentenced to the Mississippi Department of Corrections are brought to CMCF, except for male death row inmates who are processed at MSP. Upon arrival at CMCF after sentencing, each offender undergoes a needs assessment and is screened, tested for STDs, HIV, and other medical conditions, provided a psychiatric evaluation and questioned regarding his or her educational level. The results, along with the offender's conviction, help establish the offender's classification.

Also, of the three state prisons, CMCF is the only one to house female inmates, including minimum and medium security, close custody and death row. The population also includes minimum and medium custody male offenders, some maximum custody offenders (close custody), male offenders with special needs and male offenders who are disabled and require medical treatment in the Jackson area.

In December 2012, a Youthful Offender Unit opened on the grounds of CMCF. The unit is for offenders 17 years and younger and vulnerable 18- and 19-year-olds, and has its own staff.

\*Michael White, director of private and regional prisons and compliance at Central Office, succeeded Denmark as superintendent at CMCF on Dec. 1, 2013.

**South Mississippi Correctional Institution**

\*Ron King, Superintendent  
Post Office Box 1419  
Leakesville, MS 39451  
601-394-5600

The South Mississippi Correctional Institution (SMCI), located in Greene County, is the newest state facility. It opened in 1989 and occupies approximately 360 acres in Leakesville. There are 16 housing units at SMCI with a capacity of 3,282 beds.

SMCI houses male offenders classified as minimum, medium and close custody levels as well as protective custody and long-term segregation.

SMCI is the first prison in the state to receive accreditation from the American Correctional Association.

It was reaccredited in August 2011. It also is the first state prison in Mississippi to be accredited by the National Commission on Correctional Health Care.

SMCI is the only state institution with a para-military “boot camp program.” The Regimented Inmate Discipline (RID) Program seeks to divert offenders from criminal behavior and instill work ethics through rehabilitative and treatment elements and community service work projects.

\*Johnnie Denmark became superintendent of SMCI on Dec. 1, 2013, replacing Ron King.

## MISSISSIPPI PRISON AGRICULTURAL ENTERPRISES

Mississippi Prison Agricultural Enterprises (MPAE) is responsible for the farming operations at Mississippi State Penitentiary (MSP) at Parchman and at the South Mississippi Correctional Institution (SMCI) in Leakesville. The majority of the farming activity takes place at MSP.

The MPAE program uses offender labor in all areas to decrease inmate idleness and to cut budget costs for taxpayers. Minimum and medium custody offenders can participate in planting, harvesting and processing the crops. During FY 2014, offenders worked 270,000 hours in the program.

On a daily basis, MPAE works approximately 110 Minimum-Custody offenders. During the vegetable season, MPAE will work an additional 100 offenders per day in the vegetable fields and processing.

MPAE is comprised of row crop, vegetable crop, farm shop, feed mill, poultry, processing and cold storage operations.

For the crop year 2014, MPAE planted approximately 1,159 acres of vegetables, 95 acres of rice, 561 acres of

corn, 1,115 acres of wheat and 2,368 acres of soybeans.

The corn is used by the feed mill in the production of feed for the poultry operation. During FY 2014, the feed mill produced nine different feed rations for chicken consumption and produced 1,160 tons for the price of livestock at \$378,485.

Approximately 10,000 bushels of the rice harvested each year is milled by MPAE and fed to the offenders.

The processing operation is comprised of both hand processing and machine processing. Processed vegetables are blanched and frozen in 10-pound bags for offender consumption.

The cold storage operation stores all frozen vegetables processed by MPAE and all frozen products purchased from outside vendors. It is responsible for filling orders for the three main facilities and the Community Work Centers and Restitution Centers. The cold storage operation handles in excess of 6 million pounds of product annually.

The poultry facility has 24,000 layer hens. For FY 2014, a total of 158,640 dozen eggs were delivered to MDOC

Food Services with a non-cash value of \$200,815.

In FY 2014 non-cash sales for vegetables and egg sales were \$611,068. The FY 2014 total pounds of vegetable non-cash sales were 1,008,403. There were 158,640 dozen non-Cash egg sales.

Vegetable value is based on the USDA Atlanta Market Report. All processed vegetables and eggs were provided to the MDOC Food Service Department. MPAE sold vegetables to employees to generate \$3,027.00 in cash.

The inventory of commodities carried over from FY 2014 had a value of \$562,486. This figure includes feed mill inventory, seed, fertilizer, and chemicals not expended.

The work staff includes 16 positions. MPAE has two contract employees with MDOC.

**For the crop year 2014, MPAE planted approximately 1,159 acres of vegetables, 95 acres of rice, 561 acres of corn, 1,115 acres of wheat and 2,368 acres of soybeans.**

## ALCOHOL & DRUG TREATMENT PROGRAMS

The mission of the Alcohol and Drug (A&D) Program is to provide treatment and rehabilitation services to offenders who have a history of substance abuse problems or who commit alcohol and drug related crimes. The goal is to correct the offender's attitude and behavior that support criminal thinking.

These services are provided to offenders who are court ordered alcohol and drug treatment, parole pending completion, Intensive Supervision Program, MDOC referrals or volunteer.

The Alcohol and Drug Program also provides aftercare information and referrals as needed regarding primary and secondary A&D treatment facilities, Alcoholics Anonymous, Narcotics Anonymous and Cocaine Anonymous meetings and home placement.

In FY 2014, a total of 3,297 offenders enrolled/served in A&D programs with 1,413 completions.

### A&D Programs in Facilities

Mississippi State Penitentiary provides a long-term program for offenders with at least six to 30 months remaining on their sentence. The Alcohol and Drug Therapeutic Community Treatment Center units house 432 therapeutic treatment beds, group rooms and classrooms with clinical staff office space adjacent to each housing unit.

A traditional 12-week A&D program based on the principles of Alcoholics Anonymous is provided for special needs (disability) offenders. A 12-week basic A&D education only program is provided to eligible offenders housed in high risk, lockdown, and protective custody units.

Central Mississippi Correctional Facility provides both a 12-week traditional A&D program and a long-term program (6 months to 12 months) for female offenders. In addition, a 12-week treatment program is available

for special needs (disability) male offenders.

South Mississippi Correctional Institution provides both a traditional 12-week A&D program and a long term (6 month) program for general population offenders. An A&D component is provided in the Regimented Inmate Discipline (RID) Program.

The Residential Substance Abuse Treatment (RSAT) Program is operated in the Flowood, Pike and Quitman Community Pre-Release Centers for offenders who are within six months to one year of release. The offenders provide work in the community during the day and attend A&D classes in the evening.

The Flowood Community Work Center offers a 12-week A&D program for female offenders who are expiring their sentence, paroling or are being released on Intensive Supervision Program (ISP).

## **Medical Classifications Defined**

Medical 1: Good to excellent physical condition; physically capable of handling all work/program assignments.

Medical 2: Average to good physical condition; is capable of exerting sustained effort over long work periods, is physically capable of most work/program assignments; disability, if any, will not be jeopardized by such a general assignment.

Medical 3: Fair to average physical condition; is capable of sustaining effort for only moderate periods; limitation may effect some aspect of work/program/housing assignment considerations.

Medical 4: Poor to fair physical condition; limited physical capacity or stamina; can exert sustained effort for short periods only; limitation(s) may require special considerations.

Medical 5: Poor physical condition; severely limited physical capacity or stamina; requires physician authorization for any work assignment, and may require special housing considerations.
